

## YOUR GUIDE TO CHOOSING THE RIGHT STEEL COVER

Every month, there are over 40,000 searches for steel covers and drain covers on Google, so Wrekin Products knows there is massive demand for the right steel cover. With so many options available, it is important that you choose a cover that is right for the job. Wrekin Products new Steel Access Cover Quick Guide makes it quick and easy to choose the correct cover for every application.

With a simple to use chart, you can select the steel cover that's right for the job in just a few seconds, without the need for lengthy calculations and estimates. Our quick guide allows you to choose your application into a category, for example either a pedestrianized area or the heavy duty needs of an airport runway. The guide then shows you the appropriate cover for project. Its as quick and easy as that!
